Dear faithful friends and partners of Peter and Michelle,

Greetings in Jesus name!

Moody Aviation (MA) is the mission aviation training department of the *Moody Bible Institute* and has been preparing young men and women for mission aviation service since 1946. Through God's provision, *Moody Aviation* has trained nearly one half of all missionary aviators serving throughout the world today.

In response to changing times and unstable world economics after "September 11," *Moody Bible Institute* realized it could no longer shoulder the cost of administrating the aviation program. Faced with the choice of shutting down the program, *Moody Aviation* turned to various mission organizations which utilize its graduates. Mission organizations saw the need, rose to the challenge and became partners in a unique relationship which allows the *Moody Aviation legacy* of training future missionaries to continue.

Peter and Michelle symbolize *this* partnership. With a passion for missions and a desire to encourage standards that ensure safety and long-term ministry effectiveness, Peter fits well with the purpose and culture of *Moody Aviation*. Likewise, Michelle brings unique ministry skills in the areas of stewardship, fundraising and encouragement that will greatly enhance the program for both students and staff.

Officially 'on loan' to *Moody* through *Proclaim Aviation Ministries*, Peter will serve in the maintenance department, instructing in the basic and advanced areas of technical training. Michelle will coach staff and students to increase their effectiveness in support raising and partnership development, as well as assist with special projects.

The world seems to grow increasingly smaller, but there are still areas of the world that have a critical need for the missionary pilots and mechanics trained by *Moody*. There are currently a **billion** people living in the world who are beyond the reach of any road. So regardless of our shrinking world, the need for missionary pilots and mechanics is greater than ever. Your partnership with Peter and Michelle makes the training of future missionaries possible. Their service is essential as *Moody Aviation* continues the charge of training missionaries who use the airplane to spread the good news of Jesus Christ to a world that does not know Him! They need your prayers and support as they minister here at *Moody Aviation* training young people for missionary service.

Thank you for supporting them,

Cecil Bedford
Director, *Moody Aviation*
