

# Ministry Partnership Team

Establishing your initial contact list can be one of the most important tasks in creating your Partnership Team. The individuals that serve as your ministry teammates will be upholding you in prayer, as well as supporting you financially and making your mission work possible. It is essential to round out your team with family, friends and acquaintances that will serve as the pillars of your ministry. Finding your teammates may be easier than you think! A unique way to think of the people in your life that care about you is to consider who you would invite to your wedding. As a young missionary who touches the lives of so many, you would probably have a considerable amount! Set a goal of creating a contact list with at least 200 addresses on it.

As you reflect on who these people might be, create a list using the following suggestions. As you are compiling this list, feel free to add others that might come to mind as well. Couples may want to do individual lists first and then combine them for added volume. After you create your list, go back and decide who you would like to consider inviting to be on your team. Once you have established who you would like to invite to join your team, please email your database to Kim at [kim@proclaimaviation.org](mailto:kim@proclaimaviation.org).
