

THE MOODYS

OUR JOURNEY TO MISSIONARY SERVICE

SUMMER 2020

LEVI & ANNA

We are serving with Proclaim Aviation Ministries, where Levi is on loan as an aviation mechanic at the School of Missionary Aviation Technology in Ionia, MI, equipping the next generation of missionary aviators.

When our time with Proclaim Aviation is complete, we will transition to full-time ministry with Kingdom Air Corps in Alaska, taking the Gospel to people living in the most remote areas of the world.

While working at SMAT, we are building our team of ministry partners. Together, through their prayers, encouragement and funding, we will be the hands and feet on the mission field. Together we will use aviation to access and sustain ministry beyond where the roads end.

Uncertain things. Good things.

Still trusting Greetings! During this time of COVID-19 we have found ourselves wondering what all is going to happen in our world, but we know that no matter our circumstances God is faithful and good, and our hope is in Him! We are still moving forward in our plans to move to Alaska and serve at Kingdom Air Corps. We are trusting that if God wants us there, He will provide for our funding to get there even during these “uncertain” times.

*We're excited to announce
that we're expecting a baby girl!*

The due date is October 25th.

So far Anna has felt fairly well during the pregnancy.

We are very thankful for this blessing of new life!

At SMAT During Michigan's “Stay Home, Stay Safe” executive order, SMAT temporarily closed down. Even though the students weren't flying, there were several projects to do on the SMAT Fleet. Those of us on the maintenance staff were able to continue working as essential workers, making it possible to complete several 100-hour inspections, an engine change, and an avionics install. The SMAT students resumed classes on May 4th and are working hard to get their assignments done.

PRAYER

We're thankful for the trip we were able to make to SD.

Praise God for the new supporters of our ministry.

We're nearly at 40% of our needed monthly funding. Please pray we'll be able to raise the remainder soon. Would you please pray about how God could use you through partnering with our ministry?

Please pray for a safe and healthy birth of our daughter.

Please pray that our lives remain a reflection of Christ as we interact with those around us.

AVIATION. How we sustain ministry at the ends of the earth.

travelling.

During the first part of April, Levi was able to travel to Wyoming to help Anna's sister and brother-in-law, Laura and Josh, with their move from WY to MI. It was a blessing to be able to serve them during this big transition in their lives.

We just got back from a trip to South Dakota to be a part of a Vacation Bible School at Levi's home church, Calvary Chapel. It was a joy for us to be a part of sharing the good news of the One True God with the fifty-seven children who attended. The trip also provided us many opportunities to visit with family and friends as well as a speaking engagement at Prairie View Bible Church near Gregory, SD.

going forward.

We plan to continue living in Ionia and serve at SMAT at least until the end of 2020. This gives us a chance to stay put while we welcome our baby into the world and also gives us more time to raise 100% of the funding needed before we can serve at KAC. We have a goal to move to Alaska in April 2021, Lord willing!

If you are curious about what we are doing, or interested in partnering with us in aviation ministry, please contact us. We'd love to visit and share about aviation in missions, and the tangible way God is working.
