MOUNT RUSHMORE

SUMMER COUSIN TIME

growing up.

Our kids still seem to be growing so fast. Bryce turns 19 this month and has been working since he graduated last June. He plans to start at a community college this fall to pursue a degree in Early Childhood Education. Heather asked him if she could sub in his classroom and he just smiled. They share that passion. Sydney is loving her new freedom of driving. This past summer we drove back a Toyota Camry that belonged to Travis's late grandmother. Sydney has that car organized inside and out and drives it to and from school. Blake is enjoying middle school and loves being a part of our church's youth group. He still has a huge desire to create and build and we love that he still loves Legos and comes up with some of the neatest creations.

Sharing at Sandy Level Baptist in South Carolina

Two Moody students asked Travis to cook for their wedding. Heather and Sydney were his helpers, and some of his students helped him smoke all the meat.

Students assembling an engine that had been completely disassembled and finishing the overhaul process

Remember the Alaska 206 missionary project last year? The owner has been very pleased with the work and has been able to do more with the aircraft than ever before. The students not only did the work but lead the whole project to completion, giving them confidence that they can be the leaders and maintainers that God has called them to be.

ministry update.

Travis is taking on teaching a growth group at our church in March, and Heather has started a new role with Proclaim/ Moody. Travis has been going full speed pouring into the Moody Aviation students with technical skills, leadership, and personal growth in Christ. This next semester he will be starting a new course focused on management. This course will be a bedrock for the students to become good leaders and managers in missions around the globe. Be in prayer with us as he constructs the course, speakers, and assignments to help the students lead like Christ.

As you know, we work for Proclaim Aviation Ministries on loan to Moody Aviation. Some Moody graduates begin working for Moody through Proclaim, to pay off debt and raise support before going to the mission field. During their two-year commitment to Moody, Heather will be working as a Proclaim liaison offering help and accountability as they continue to raise support. Just recently two families working for Moody/Proclaim fulfilled their commitment and are now moving onto a ministry that serves internationally. Isn't that awesome! What a joy to meet with these people, extending encouragement to them on this journey and praising God as it energizes us for serving too.

pray & praise

Heather has been released from her doctor's care for her back. It's doing great.

We teach a group of 4-5th grade challenging boys on Wednesday night at church. Pray that we extend love and care for them each week. A few have had a rough home life.

Pray for Bryce as he walks forward into what God has planned for him to do

Parenting wisdom and for us to be a Christ-like example to our children

Travis as he builds relationships with his students and the opportunities to mentor students

faithfulness.

Our trip this past summer allowed us to see God work in many ways both physically and spiritually. We were able to show much of this great nation to our children while visiting many who we normally cannot see from the east coast. It was humbling yet uplifting to see how so many of you have invested not only in our ministry but our family as well. God has truly shown His faithfulness through your devotion and encouragement over the years. This trip solidified God's faithfulness and provision as we continue trying to be an extension of your ministry here at Moody Aviation.

Thank you to for your faithful prayers, financial gifts and support. We could be here without you!

Travis & Heather, Bryce, Sydney and Blake
