

MARK & CHRISTINE T A T H A M

diligence.

I am happy to share that in February, Moody Aviation's third-year class completed their maintenance training. It has been rewarding for me to see many of them pass their final licensing exams and officially become Airframe & Powerplant mechanics. Praise the Lord for their hard work and diligence.

I have also been hitting the books myself. Moody requires all teaching faculty to take a course on instructing and the theory of learning. Working through this material has prepared me to take on more teaching responsibilities.

AVIATION MISSIONARIES

We currently ministering in Spokane, WA. Christine is serving with Proclaim Aviation Ministries, on the aircraft maintenance training staff at Moody Bible Institute's Aviation School, and Mark is teaching music at a local elementary school. We are blessed to be a part of training future missionary pilots while we prepare for our own eventual overseas ministry. Missionary aviators traverse some of the world's most forbidding terrain to bring bible translators, pastors, medical aid, supplies, and sustenance—all with the love of Christ—beyond where the roads end. We are part of this effort sustaining ministry at the ends of the earth.

Training the Next Generation of Missionary Aviators.

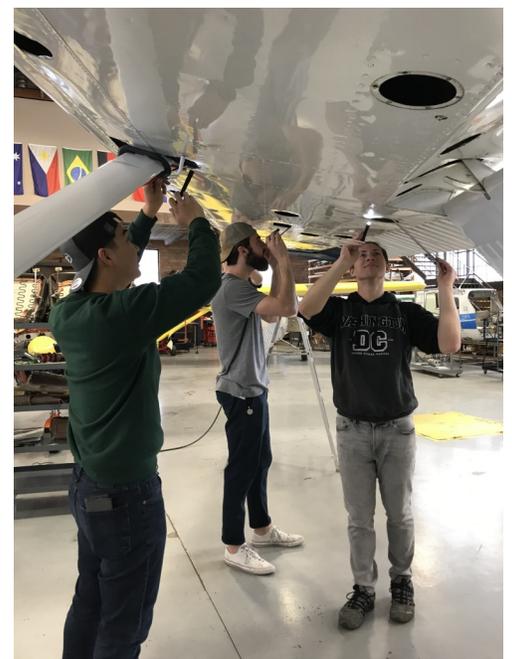

Praise be to the God and Father of our Lord Jesus Christ! In his great mercy he has given us new birth into a living hope through the resurrection of Jesus

Christ from the dead, and into an inheritance that can never perish, spoil, or fade.

1 Peter 1: 3-4

We're excited to be youth leaders

Christine's students are working on airframe inspections

ministry opportunity.

In addition to our current commitments, Mark and I recently announced that we will be taking over the role of leading the youth group at our local church. We have been serving as volunteers for several years in the youth program, and we are honored to be trusted with greater influence at Cheney Community Church. We will officially be the leaders of the youth group in June when the current leaders transition to working as overseas missionaries.

We are so grateful for each of you and your support for our ministry. Moody Aviation celebrated 75 years of equipping pilots and mechanics for missionary service this year! We are privileged to be one link in a chain of many people dedicated to bringing the hope of the Gospel to even the most remote people.

You too are a link in this chain! Your prayer and support enable the gospel to be preached to the nations through mission aviation. Thank you!

Mark & Christine

pray.

Christine's maintenance students be diligent in their training.

We would be effective youth leaders and proclaim the Gospel to our students.

We would love and know Jesus more each day.
