

BEN & AMBER

MCCAMMON MINISTRY MAIL

Amber's student, Caleb, uses a chart for navigation during a cross country flight.

Ben secures an engine cowling after an inspection.

Dear family & friends,

We pray this letter finds you well, dwelling securely in God's grace and fervently walking in the good works He has prepared for you before the world began!

sign-up!

We would like to invite you to sign up for weekly email updates with us! These updates will be a brief synopsis of our lives for that week and any prayer requests for the week. Please reach out to us at

or text our personal cell numbers 208-315-5662

if you would like to receive these weekly email updates.

AVIATION MISSIONARIES

We are currently serving with Proclaim Aviation Ministries at Moody Bible Institute's Missionary Aviation School in Spokane, WA. Ben is an aircraft mechanic and Amber is a flight instructor, and we are blessed to be a part of training future missionary pilots while we prepare for our own overseas ministry. Missionary aviators traverse some of the world's most forbidding terrain to bring bible translators, pastors, medical aid, supplies, and sustenance—all with the love of Christ—beyond where the roads end. We are part of this effort sustaining ministry at the ends of the earth.

October 2023

ministry update.

Work here at Moody Aviation has been predicably busy but is starting to decrease as the inclement weather in Pacific Northwest brings its inexorable march. More yucky weather – think clouds, rain, and eventually snow – means less flying for Amber and less aircraft inspections for Ben. But for now, there is no shortage of work! Amber’s students have successfully completed their Private Pilot training and are transitioning to training in the Cessna 206. The 206 is a workhorse for missions’ agencies around the globe and this marks the next big step in their training.

Another significant change at Moody is the addition of two more aircraft to our fleet! These aircraft are a massive blessing from the Lord and will expand our training opportunities. Moody Aviation had a special event, with Moody President Mark Jobe flying out from Chicago to speak and dedicate the airplanes to the Lord’s service.

Staff and students gather to dedicate our newly acquired aircraft to the Lord's service.

Amber with her student, Yeong.

church update.

For those who read our last update, you know that we had a conversation with Faith Bible Church (Amber’s home church) in July regarding the possibility of FBC becoming our sending church. There are too many details to recount in a short update, but our church of eight years here in Spokane, Red Bench Bible Church, is now going to be our sending church! RBBC has been instrumental in preparing us for mission work on the field through discipleship and mentoring, and we are ecstatic to be under their care as we partner with them and Africa Inland Mission to facilitate the planting of Christ-centered churches throughout all of Africa.

Amber and her students for this fall term.

kenya vision trip.

Speaking of Africa, Amber and I were planning on visiting Nairobi, Kenya in December to see our former Proclaim co-workers who now work for AIM, and to experience AIM’s operation ourselves. Unfortunately, there was some miscommunication and the couple we were going to be staying with are not available during the dates we could visit.

Please continue praying for us as we train students and repair aircraft at Moody. Continue to pray for good decision making and clear thinking as we take steps to join AIM.

your servants,

BEN + AMBER MCCAMMON

“

“To be right we must think worthily of God. It is morally imperative that we purge from our minds all ignoble concepts of the Deity and let Him be the God in our minds that He is in His universe.”

A.W. Tozer, *Knowledge of the Holy*

Aviation. How we sustain ministry at the ends of the earth.
