

FALL 2025

Next things!

"What's next?" My instructors pushed me to constantly ask that question when flying the airplane. If I had just finished a task... "What's next?" If there were one too many quiet moments... "What's next?" It's a good practice in other areas as well--being situationally aware, mindful of the present, and considering how to face the future well.

This has been a time of many changes and transitions for me, and I've been asking "What's next?" a lot these days.

I PASSED MY LAST CHECKRIDE! I HAVE A COMMERCIAL PILOT'S LICENSE NOW! MY INSTRUCTOR JON AND I.

Graduation!

MOODY AVIATION CLASS OF 2025

I and my classmates successfully graduated in June, by the Lord's grace! It was a really great time to celebrate all the Lord has brought us through, and the gifts of relationship, skill, and understanding He has given. There is definitely a brotherhood-/ sisterhood-type bond that we all share, and I am grateful! Thank you to all who have encouraged and supported me along the way!

Aviation camp

FLIGHT INSTRUCTOR AND TEENS AT MAF CAMP

Right after graduation, I had the privilege of traveling with others from Moody to help at the MAF teen aviation camp in Cascade, ID. It was at this very camp about 10 years ago that I was first introduced to the possibility of mission aviation in my own life! This summer was a fruitful time interacting with 12 high-schoolers (including my sister!) who are figuring out what the Lord has next for their lives.

MOODY TEAM AT OSHKOSH

prayer + praise

Please pray for wisdom, fruitfulness, and His grace as I settle into my new role at Moody.

And also discernment, provision, and courage as I stare partnership development/ support-raising straight in the face.

Praise Him for So. Much. Provision! From finishing all my flights before graduation to the timing of travels, His direction in decisions, and the placement of every conversation and interaction over the summer, the Lord has shown Himself absolutely faithful and generous to provide as only our Perfect, Glorious, and Generous Father could.

And providing six lovely housemates to live with!

FLYING TO OSHKOSH

NEW POSITION AT MOODY, STUDENT ENGAGEMENT COORDINATOR

My new role

As of July 15th I am now privileged to be one of the team at Moody! I have been asked to put my CFI (certified flight instructor) training on hold and join the staff immediately--relieving pressure in the Student Life department, and preparing for new team members joining next year. For now, instead of learning to flight instruct, I am working with the Associate Dean of Students and learning the role of housing coordinator for new students. But the main goal has not changed, and is encapsulated in our mission statement:

To advance the cause of Christ in world missions through aviation technologies. This is accomplished through personal, relational, and spiritual development integrated with technical training.

I am so grateful to be a part of the team and learn from my heroes as a fellow staff member. They all wholly believe in this mission statement, and tirelessly work toward the Great Commission with unity, depth of character, and sacrificial love for one another.

Partnership Development!

As I come on staff and take this next step in ministry, I will be raising support through Proclaim Aviation Ministries, who will facilitate my position as a missionary at Moody Aviation. In mid-November, I will begin 3 months of training and full-time partnership development, building a team of people to support me in the ministry at Moody Aviation, and eventually as an aviation missionary overseas. While my long-term goal is still overseas missions, I am grateful for His peace where I am at now. Taking it one step at a time, and always asking the Lord, "What's next?"

I am grateful for you all, and I pray for you!

up for
coffee?

Between November & January, I plan to travel to western WA and the Boise/ Idaho Falls, ID area to visit family and friends. If you are in the area I'd love get together!
